

Fall 2009 course: RTF331R/RTF390N

Make stuff. Take risks. Be awesome.

TRANS

DANGEROUS BORDER VIOLATIONS

Explore media and technologies of transition, with emphasis on transgender and transsexuality across cultures and throughout history. Identity, prosthetics, cyborg, mestiza, posthuman. Trans in films, pulp fiction, and popular culture.

We're a bunch of artists, scholars, teachers, techies, and hackers building a new transdisciplinary approach to education based on interactive, collaborative, student-centered learning.
