Subject: rin 1601-AA14 - 6 cfr part 29 DHS public comment -
infrastructure info

This proposed rule further erodes all pretense at an open society and further damages democracy. DHS seems intent on changing america into iraq - the public can't see any documents, cant have any information.

The real issue here is to get america free from terrorists and then we can get back to having access to the public information that we deserve to have. We must make sure our overloaded immigration is shut down for a while, until we can be sure our country is SAFE. We do not have to have open borders letting in everyone who wants to come here, illegal or not. We must shut down our borders for a while to get out terrorists and those illegally here. When that is done, american will be safe to allow the freedom of information that is crucial to a democracy. I am outraged at what DHS has done to long time american citizens, such as myself, here 68 years and certainly someone who SHOULD HAVE ACCESS TO PUBLIC INFORMATION.

I DO NOT BELIEVE IN A SECRET GOVERNMENT, WHICH IS WHAT BUSH AND HIS HANDPICKED CRONIES ARE DOING TO THIS COUNTRY.

IF TOM RIDGE GETS HIS WAY, AMERICA WILL BECOME MORE LIKE A DESPOT'S TERRITORY EVERY SINGLE DAY.

THIS KIND OF RULE IS BAD FOR AMERICA BECAUSE NATIVE BORN LOYAL AMERICANS ARE VICTIMIZED.

I THINK LOYAL NATIVE AMERICANS PAY INTO THIS SYSTEM AND ARE ENTITLED TO HAVE ACCESS TO INFORMATION ON EXACTLY WHAT WE ARE PAYING TO DO. WE ALL ARE TAXED TO DEATH TO PAY FOR WHAT OUR GOVERNMENT IS SEEKING TO DO IN SECRET AND THAT IS ABSOLUTELY WRONG.

I THINK SECRECY IN GOVERNMENT LEADS TO CORRUPTION IN GOVERNMENT. SECRECY IN GOVERNMENT IS SOMETIMES BECAUSE GOVERNMENT EMPLOYEES BREAK THE LAW. I AM OPPOSED TO ALL RULES THAT ALLOW THIS.

SECRET PROJECTS LIKE recently happened in new jersey where farmers submitted secret information that cannot be verified and then the nj agriculture dept sent out information to all the media using that secret data THAT COULD NOT BE VERIFIED IS ABSOLUTELY WRONG AND UNETHICAL. NJ dept agriculture took a secret unannounced alleged "survey" of nj farmers, gathered information and then the data for the results was not available for public inspection. I find that absolutely insulting, undemocratic and anthithetical to the american spirit of open government. I do not want to see DHS do that kind of thing - it is wrong - it is unethical and it is abominable.
